College Profile

I am a confident and self-motivated individual with a wide-ranging knowledge and understanding of web development languages such as JavaScript and PHP. Throughout my time at college I enjoyed the web development side of the courses and this was reflected in my grades as each term this was the area, I achieved my highest grade. At college I was always eager to learn and aimed to take in as much knowledge that was available to me; such as implementing new languages and frameworks to my projects.

Technical Proficiencies

- Languages 4+ years' experience: PHP, HTML, CSS, JavaScript, Java, MySQL
- Currently Learning: Vuejs, JQuery, node.js, AWS, GitHub, WordPress, React API, Express, MongoDB
- Additional Skills: OOP Programming, Server Configuration and WordPress

Key Skills & Strengths

- Experience and knowledge of web-based languages such as PHP, JavaScript, HTML and CSS
- Capable of working independently or as an outstanding member of a team
- Exceptionally organised and motivated
- Strong work ethic with an excellent ability to build interpersonal relationships with colleagues
- High attention to detail
- Keen ability to manage a varied workload

Professional Experience

2018- Present Tesco Metro, Customer Assistant, Part Time, Perth

Role consists of:

- My day to day operation is assisting customers with problems and query's they may have.
- Although this is another retail job, I took the opportunity to take on extra jobs within my usual work such as learning bakery, waste management, label checks and now manage the produce department.

2016-2018 Co-op, Customer Assistant, Part Time, Auchterarder

- My daily activities within my job was being customer focused and assisting with any problems they may have had.
- As I started to get more confident within the job, I took on extra responsibility such as helping management with their tasks which consisted of refilling tills, cash lifts and taking customer complaints.

2015-2016 The Glendevon Hotel, Kitchen Porter, Part Time, Auchterarder

Role Consists of:

- When the restaurant was busy, I went out of my way to help the kitchen staff prepare meals and help them get ahead of the busy times.
- One of my daily tasks was to clean and sort the kitchen so that it was ready and correct for service to help reduce time on finding stock.
